[About](#)[Projects](#)[Contact](#)

Hello , I am Karthika!

I am a Computer Science Engineer, mum of 2 boys and an education assistant working hard to reboot my software career after a career break. With my past work experience as Software Developer and with current Australian work experience as an Education Assistant in high school, I am updating my technical skills to get job opportunities in software industry that matches my educational background.

Currently, I am part of the SheCodes Plus 2022 program on Emergence Scholarship to improve my technical skills for my professional and educational development.
